

Aria™ FAST T96: Maximized Water Production

aria^{fast}[™]

Designed to maximize space, plant uptime, and improve operator experience, the Aria™ FAST T96 is a turn-key mobile filtration solution to produce clean, compliant water. Capable of treating a variety of water types, the T96 can produce more water than any other self-contained membrane-based trailer provides an economical choice over existing designs.

BENEFITS OF T96

Maximized Capacity

At 96 total modules, the T96 maximizes production in a small footprint.

Reliable Performance

Backed by Pall Water's proven track record of best-in-class filtration technology, service, and support.

Turn-Key Commissioning

Plug-and-play design makes certain your trailer will be producing water almost immediately after reaching site.

Ensured Compliance

Compliance with current electrical and drinking water regulations ensures operational peace of mind.

Aria™ SMARTBOX Remote Monitoring

Each unit is fully equipped with Pall Water's Aria SMARTBOX, remote monitoring system, to simplify operation and maximize uptime.

KEY APPLICATIONS

- Incoming Water
- Boiler Feed Water
- Injection Water
- Drinking Water
- Cooling Tower Blowdown
- Coal Seam/Bed Methane
- Discharge Water

SEGMENTS

- Refining/Petrochemicals
- Power
- Mining
- Food & Beverage
- Oil & Gas
- Municipal

WATER ON-DEMAND

Pall Water's Aria FAST T96 delivers advanced, innovative technology to meet specifications for treating virtually any water source including:

- Emergency outages / equipment failure
- Planned outages / equipment repair
- Seasonal demand / expansion
- New site start-ups
- Changes to raw water quality
- New effluent specifications
- Regeneration / cleaning
- Droughts, floods, hurricanes

FEED SOURCE	OUTPUT	DAILY AVERAGE
Ground Water	1400 GPM	1.75-1.95 MGD (>6625 m ³ /day)
Surface Water (TOC<10)	1077-1400 GPM	1.55-1.75 MGD (>5850 m ³ /day)
Surface Water (TOC<20)	938-1400 GPM	1.35-1.75 MGD (>5100 m ³ /day)
Secondary Effluent	785-938 GPM	1.13-1.35 MGD (>4275 m ³ /day)
Industrial Waste Water	700-785 GPM	1.0-1.13 MGD (>3785 m ³ /day)

Designed for nearly any industrial or municipal application, the Aria FAST T96 provides up to 1400 GPM to help you meet your water treatment goals.

INTEGRATED SERVICE & SUPPORT

The Aria SMARTBOX is just one element of the integrated service package that Pall Water can deliver. Additionally, the Pall Water service team provides:

- System health checks
- Process optimization
- Operator training
- Spare parts and supplies
